**Welcome to
The Studio!**

Art on the Town - The Studio was opened in 2020 by Kris Schumacher-Rasmussen, who has been a certified art teacher for more than 30 years, after nearly a decade of strictly mobile art classes.

Inspired by her mother, who opened and owned a floral business for years, The Studio has been a family-run business since it opened. Alongside her family and friends, Art on the Town has flourished as a fun and motivational space in downtown Beaver Dam, Wisc.

The Studio provides a place for creative experiences for all ages, abilities, interests and skill levels. There is always something new to learn between seasonal classes, guest artists, themed events and more!
